

To FCC, Re:LPFM

K-Love Radio serves as a wonderful outreach to the community especially those where churches are not plentiful and helps the teenagers in our community to connect. If K-Love were displaced by an LPFM broadcaster, we would not be able to receive the signals from so far away in the mountains and my concern is that other programming would not be as edifying and helpful with children and myself. I believe that K-LOVE is in the public interest to support and edify our remote christian communities.
